

Application Attachment for EMC Testing

(If an English test report is required, complete this form in English)

Receipt No. I -

Date:

- (1) Name of applicant (indicate the name to be written on the test report)

Japanese: _____

English: _____

- (2) Address

Japanese: _____

English: _____

- (3) Product to be tested

Japanese: _____

English: _____

Model name: _____ Protection against electric shock : Class _____

Serial No. (identification no. of test product): _____

Dimension (cm) & weight (kg): _____

Method of use: Table top Floor Other ()

Scheduled date of delivery of test product: _____

Requested date of completion of testing: _____

- (4) Test standards

Electrical Appliance and Material Safety Law, Chapter _____
VCCI

Guidelines for suppression of harmonic current

CISPR (EN) IEC (EN) FCC Other ()

- (5) Purpose for testing

Testing for conformity confirmation

Countermeasure measurement

Confirmation of product capabilities

Other ()

- (6) Accessories (including interface cables between devices)

- (7) Interference sources (Particularly clock frequency of microcomputer)

Countermeasure components

- (8) Documents to be submitted
