

Handling testing sample

Thank you for your application for PSE certification
Please confirm the following matter concerning the handling of your testing sample

【Notice】

- 1 . The applicant shall send the testing sample to one of the following testing laboratories where he is indicated to send it by JET. (Tokyo, Yokohama or, Osaka) Furthermore the applicant shall be responsible for its transportation.

- 2 . The applicant shall take some measures quickly for damage or deficiency on the testing sample already sent in case JET informs him of this matter.

- 3 . In case the testing sample doesn't reach JET within 6 months from the acceptance date of the application, this application is to be cancelled due to the applicant's reason.

- 4 . JET will not be responsible for any disassembly or damage of the Test sample(s) which may have arisen as a result of testing.

- 5 . The Applicant may reclaim the Testing sample(s) to which Test has been conducted within 50 days after completion of testing. If the sample(s) is not reclaimed within that period, JET may freely dispose of it. The Applicant shall bear all expenses related to reclaiming or JET disposal of the Testing sample(s).
