様式第四 Form 4

### (第2号検査/海外製造事業者用)

# 適合性同等検査申込書

Application for Conformity Assessment

受付番号:

Project No.

(JET記載欄) (To be filled in by JET)

一般財団法人 電気安全環境研究所 御中 To Japan Electrical Safety & Environment Technology Laboratories

電気用品安全法第9条第1項に規定する同条第2項の証明書と同等なものの確認を受けたいので、申込書別紙の「適合性検査申込みに係る承諾事項(PSE-RE-405)」の 内容を承諾の上、次のとおり申し込みます。

We hereby apply for Conformity Assessment on the Specified Electrical Appliances and Materials as stated below, in order to obtain the Statement of Conformity as specified in the Article 9, Paragraph 1 of Electrical Appliances and Materials Safety Act. We submit this application accepting "Conditions for Application for Conformity Assessment (PSE-RE-405)" on the attachment to the application.

| 1. | 申込者(海外集                             | 製造事業者)            | Applicant (manufacture  |                       |   |     |

## Conditions for Application for Conformity Assessment

JAPAN ELECTRICAL SAFETY & ENVIRONMENT TECHNOLOGY LABORATORIES

The following conditions shall be accepted for Application for Conformity Assessment.

#### [Matters related to Application ]

- 1. All arrangements necessary for Conformity Assessment shall be made by Applicant including the following:
  - All information necessary for evaluation of the Specified Electrical Appliance or Material of which Conformity Assessment is to be carried out shall be provided to JET.
  - ➤ JET shall be, upon request, allowed to enter the manufacturing factory and/or contact the manufacturing personnel when JET judges it necessary for Conformity Assessment.
  - The person(s) in charge of the testing facilities, etc. at the manufacturing factory shall be, upon request, present in the inspection of the testing facilities.
- 2. The application is incomplete unless JET receives all of the following: products for testing and necessary documents .
- 3. If the products for testing and the necessary documents are not delivered to JET within 6 month after the application form is submitted, the Application shall be considered to be withdrawn for Applicant's reasons.
- 4. JET may partially outsource the product test and/or the inspection of the testing facilities for Conformity Assessment. JET informs Applicant it at the time of the reception if outsourcing is adopted.

#### [Matters related to Statement of Conformity Assessment]

- 5. Statement of Conformity Assessment is valid only to the extent of the stated Type Classification, and the fact that the Statement of Conformity Assessment is issued cannot be made public without the valid Statement of Conformity Assessment.
- 6. The fact that the Statement of Conformity Assessment is issued shall not be announced in such a way that may injure JET's reputation.
- 7. The fact that the Statement of Conformity Assessment is issued shall not be announced in such a way that is not permitted by JET or that may lead to misunderstanding.
- 8. The use of all advertisements referring to the fact that the Statement of Conformity Assessment is issued shall be stopped when the government gives instructions to prohibit the marking, etc.
- 9. The Statement of Conformity Assessment shall be used only to show the fact that the product concerned was assessed and passed.
- 10. When Applicant provides Notifying Supplier in Japan, who imports the products concerned, with a copy of the Statement of Conformity Assessment, application shall be made to JET for issue of an official duplicate of the Statement of Conformity Assessment. If a copy of the Statement is provided to other people as a sample, the Statement shall be copied entirely.
- 11. Request by JET, if any, shall be satisfied when the issued Statement of Conformity Assessment is referred in information media, such as documents, pamphlets and advertisements.
- 12. The records on complaints about Specified Electrical Appliances and Materials covered by the Statement of Conformity Assessment shall be maintained and made available to JET upon request. Besides, the following steps shall be taken.
  - ➤ Appropriate measures shall be taken on the above complaints and the products whose conformity to the Technical Requirements of the Electrical Appliances and Materials Safety Law has turned out to be questionable.
  - > The taken measures shall be set down in writing.
- 13. After Statement of Conformity Assessment is issued, JET shall be allowed to make public the registered information (Applicant's name, the name of Specified Electrical appliances and Materials and the Statement Number).
- 14. If JET is requested by law to disclose classified information, JET shall be allowed to disclose it after notifying Applicant of the matters about which disclosure is requested.

#### [Matters related to any nonconformity identified during the Conformity Assessment]

15. If a lack of conformity is identified during the product test or the inspection of testing facilities, JET gives notice on nonconformity (the fact that conformity cannot be achieved without appropriate improvement) as a result of the Conformity Assessment.

Any continuation of the Conformity Assessment with a proposal for the improvement shall be applied within 40 days after the above notice. Such an application with a proposal for the improvement cannot be made more than twice.

### Points while preparing application documents [PSE202504]

### [Matters related to products for testing]

- 16. Products for testing shall be delivered to Tokyo, Yokohama or Kansai Laboratory, as designated by JET. Applicant shall be responsible for the transportation.
- 17. If the products for testing are with damage or a defect when delivered and JET informs Applicant about it, Applicant shall take measures to meet the situation immediately.
- 18. After the testing JET does not restore the tested products to their original condition, and shall not be responsible at all for the disassembly and damage caused by the test.
- 19. Applicant shall collect the tested products within 50 days of the completion of the test, and have no objection to JET's disposal of them if they are not collected within the above period. The expenses for the return or disposal of the tested products shall be borne by Applicant.

#### [Matters related to payment policy for Conformity Assessment fee]

20. Applicants are requested to prepay an assessment fee according to JET's estimate as a general rule. If an applicant applies to JET for the first time, JET starts testing after JET receives the prepayment. If an applicant applies to JET not for the first time, an assessment fee may be paid after JET carries out testing, but, as the case may be, JET may request prepayment depending on JET's judgment.

#### [Confidentiality]

21. JET shall use any information obtained from the Applicant regarding the Products and their manufacturing only for the Conformity Assessment, and shall not use any such information for other purposes, nor provide it to a third party without the consent of the Applicant or without a justifiable reason by the laws and regulations. Provided that the same shall not apply to any information which was in the public domain at the time of the conclusion of this Agreement, any information which has got to be publicly known after the conclusion of this Agreement without JET's malicious intent or negligence, or any information which JET acquired lawfully from a third party.

#### [Concerning about Applications on Electronic Files]

22. Application documents stated with necessary information and signed by the person responsible for the application can be sent to JET via E-media. Electronic Files will be treated as the originals of the application documents and applications can be accepted on Electronic Files. In that case, the originals of the application documents must be kept at the applicant side.
